Objective

Experienced Quality Assurance Engineer with expertise in both automation and manual testing. Skilled in using Playwright, Selenium, and Appium to develop and execute automated test scripts. Proficient in manual testing for iOS, web, and mobile applications. Strong ability to prepare detailed test cases, perform regression testing, and collaborate with development teams to improve processes. Proven track record of identifying and resolving bugs to enhance user experience and application stability, ensuring high-quality software delivery.

Professional Experience

- Revclerx Pvt Ltd.** September 2024 - Present
Quality Analyst
 - At Revclerx, a division of MindMatrix, I work as a Quality Analyst on custom projects for clients including Lenovo, Acronis, and CyLabs. Our team develops a cutting-edge Salesforce product that provides a comprehensive sales and marketing automation platform. We focus on end-to-end automation solutions for direct sales, partners, and alliances, ensuring high-quality deliverables that meet the unique needs of our clients. My role involves rigorous testing and quality assurance to enhance user experience and drive operational excellence.
- Gamemano Pvt. Ltd, Noida** March 2024 - July 2024
Quality Assurance Engineer
 - Worked with Agile and Scrum methodologies to accomplish project milestones and meet demanding timelines.
 - Tested functionality, performance and compliance of products against design specifications to maintain strong development standards and high customer satisfaction.
 - Planned and implemented automated testing scripts with playwright and appium, minimising labour hours and maximising team performance.
 - Examined user requirements and verified program functionality and performance against targets.
 - Completed unit and regression tests on complete product and individual modules.
- Orange Business, Gurugram** August 2023 - February 2024
Quality Assurance Trainee
 - Collaborated with production team members to help the team produce high quality, cutting-edge products.
 - Interpreted customer requirements and cross-checked item specifications against client needs.
 - Wrote detailed test scenarios and cases, accurately logging errors and defects in comprehensive test reports.
 - Developed test plans for new software products, considering use and abuse cases to assess vulnerabilities.
 - Prioritised bugs through focused data collection and analysis, driving continual innovation.
 - Performed end-to-end system tests to asses validity of code changes and system improvements.
 - Wrote and updated manual test cases, maintaining optimal organisation for team productivity.
 - Planned and implemented automated testing scripts with playwright, minimising labour hours and maximising team performance.
 - Completed unit and regression tests on complete product and individual modules.
 - Worked with Agile and Scrum methodologies to accomplish project milestones and meet demanding timelines

Skills

- Manual Testing : Test case designing, Test planning, Functional testing, Regression testing, Black box testing, White box testing, localization testing
- Project Management Frameworks & Reporting Tools : Agile(Scrum), Microsoft Azure, Jira, Trello, Excel, Google Sheets, Github
- API TESTING & TOOLS : Rest API, Postman, ApiDog
- Programming Languages : Java, Javascript
- Test Automation Frameworks & Tools : Selenium, Webdriver, Appium, Playwright, Junit, TestNg, Maven, Page

- object model, Data driven framework
- CI/CD Tools : Gitlab CI, Git, Github
- Database :SQL
- Interpersonal Skills : Communication, Leadership, Organizational, Public Speaking

Education

- **Chitkara University Institute of Engineering &Technology** 2020-2024
Bachelors in Engineering
9.1 CGPA

Relevant Coursework & Certifications

- Complete Testing Bootcamp by Udemy.
- Azure Devops & CI/CD Concepts by Udemy
- Software Quality Assurance Certification by Testdome
- Mastery in AI Chatbots by Udemy
- Appium 2.0 by Udemy

Achievements & Awards

- Achieved a CGPA score of 9.1 throughout my academics.
- Successfully lead Codechef_CUIET as a Outreach Director and conducted 18 events in a year
- Achieved the top 25 percentile score in testdome certification.
